

### **Tamar and Tributaries Fisheries Association Guidelines for Conservation**

**Salmon** - Bag limit of one fish per rod per day, with 2 out of 3 fish released. Please release your first two salmon, you may then consider keeping the third fish if it is less than ten pounds and not red or coloured. The Environment Agency expect anglers on the Tamar to release at least 70% of the total catch.

**Sea trout** - Please release all sea trout over 3lbs and any red or coloured fish, and keep no more than two per rod per day.
